In 2018, PGC extended the scope of Aqua Save by incorporating its criteria as part of PGC’s assessment process for its “Penang Green School Award”.

This measure is aimed at encouraging schools and their students to save water, and thereby further promote a water-saving culture in Penang.

In support of this move, PBAPP also provided cash incentives amounting to RM16,250.00 to the 19 schools which were named as the 2018 “Penang Green School Award” finalists.
