

2.10.2024
Media Release

DATO' IR. PATHMANATHAN K.
CEO, PBAHB and PBAPP.

WATER WORKS AT PERMATANG PAUH: PLEASE STORE WATER FOR USE OVER 24 HOURS, FROM 10.00PM ON FRIDAY (4.10.2024)

- **Scheduled water supply interruption in SPT and SPS:
10.00pm, Friday, 4.10.2024 – 10.00pm, Saturday, 5.10.2024.**
- **Reason: Replacement of a major pipeline section at Permatang Pauh which had been damaged by another utility company’s contractor.**
- **PBAPP will also carry out additional three (3) maintenance works to avoid another Scheduled Water Supply Interruption:**
 1. **Replacement of 1200mm valve at Restaurant Sri Tambang, Jalan Pengkalan Tambang, SPU**
 2. **Replacement of 1200mm valve at Jalan Kubang Semang, SPT**
 3. **Replacement of 11kV Switchgear Panel At Bukit Minyak Pumping Station**

PENANG, Wednesday, 2.10.2024: PBAPP would like to remind water consumers in the following areas to kindly store water for use over 24 hours, from 10.00pm this Friday, 4.10.2024:

Seberang Perai Tengah (SPT)	Seberang Perai Selatan (SPS)
<ul style="list-style-type: none"> • Taman Arowana 	ALL AREAS in SPS (EXCEPT the following areas which will experience low water pressure): Bukit Panchor, Jalan Permatang Tok Mahat, Jalan Transkrian, Jalan Sungai Acheh, Sungai Bakau, Jalan Sungai Kechil, Jalan Sempadan, Jalan Sungai Udang.)
<ul style="list-style-type: none"> • Seberang Jaya (Tuna, Tenggiri, Kelisa Emas, Kikik, Hospital Seberang Jaya, Jln Carrefour, Kg Surau, Todak, Sembilang, Jelawat), 	
<ul style="list-style-type: none"> • Taman Arowana Emas

About 118,093 water consumers in these areas will be affected by a scheduled water supply interruption (SWSI), from 10.00pm, Friday, 4.10.2024 – 10.00pm, Saturday, 5.10.2024.

Please note that this SWSI is necessary for PBAPP to rectify a leaking pipeline issue that is affecting water supply services in SPT and SPS.

On 4.10.2024, a new 180m-long pipeline section will be connected and commissioned near the Politeknik Seberang Perai campus in Permatang Pauh. This new pipeline will replace a pipeline section that had been damaged by the contractor of another utility company about 2 weeks ago. The projected cost of the rectification works is about RM2 million.

PBAPP will deploy water tankers and static water tanks at strategic locations in SPT and SPS during this SWSI. Please refer to the “PBAPP Notices FB page” for more details.

PBAPP will strive to complete all water works and water supply normalisation works as planned and scheduled. We will also provide regular updates on the progress of works at the work site through our FB page.

PBAPP apologises for all inconveniences that will be caused. We seek the kind understanding and cooperation of water consumers in SPT and SPS.

Thank You.
